Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 1600 on Tuesday 06 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
North and east cloudy, showery rain, some sunshine in west.

This Evening and Tonight:
Any showers over the West Highlands dying out this evening, with some late sunshine. Cloud and outbreaks of rain will spread to north and east Highland later this evening and overnight, with haar affecting Caithness and North Sutherland. Minimum temperature 12 deg C (54 deg F).

Wednesday:
Rather cloudy over north and east Highland with some showery rain. Mostly dry and brighter from Skye down to Lochaber with some sunshine. Hebrides sunny for a time, damp later. Maximum temperature 19 deg C (66 deg F).

Outlook for Thursday to Saturday:
A mostly dry few days with clouds breaking at times to give some warm sunshine. There will also be a few light showers, though heavier on Saturday. Light winds.
